

## #306: Look Out Below!

Three details in this photo say it all. 1. The worker leaning on the wooden barrier (top right). 2. The pile of construction sand pressing on the barrier. 3. The worker on the ground (bottom left). Here's the question: Would you rather be the worker at the top or the worker at the bottom?

I vote for neither. I also wouldn't want to be the foreman who argued that this was fine.

*[Thanks to Sergio for sending this from Caracas, Venezuela]*
